ORBIT

A group presentation in the subject of ATdIT

15.05.2026

Julius Schwab, Alessandro De Simone, Yoana Parvanova, Madelaine Martin
und Charlotte Walter

Experience Management - ATdIT

Observed issues

Low brand reputation

- Reduces customer trust and credibility
- Makes it harder to attract new customers
- negative public perception and lower sales

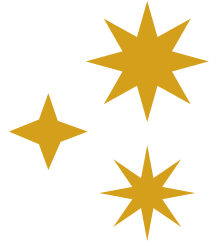

Low customer loyalty

- High customer fluctuation
- High CA-costs

Few referrals

- Increased dependency on paid adds
- Compounding low brand reputation and low customer loyalty

After careful review by our medical team, we regret to inform you that you are currently not eligible to participate in a flight based on the provided health information. This decision has been made with your safety and well-being as our highest priority. We understand this may be disappointing. We recommend consulting your cardiologist to discuss whether your condition may improve with treatment or management over time. If your medical circumstances change in the future, we would be happy to reassess your eligibility. We sincerely appreciate your interest and understanding. Kind regards, Your ORBIT Team Compose recovery email a heart-conscious lifestyle may support your well-being. feedback form

The image shows a laptop screen displaying a feedback form titled "ORBIT Feedback". The form is divided into two columns. The left column contains the following questions and input fields:

- Name* (text input)
- How happy were you with the Medical Check? (radio button)
- How was your on Booking and Onboarding? (radio button)
- Did you like the Boarding, Shuttle & Landing? (radio button)
- How much did you like your Hotel? (radio button)

The right column contains the following questions and input fields:

- How good was your Food? (radio button)
- How was your Flight? (radio button)
- Would you book again? (radio button)
- Would you recommend us to a friend? (radio button)

At the bottom of the form, there is a "Send" button and a thank you message: "Thank you for taking the time to complete our feedback forms. Your input helps us continuously improve and serve you better."
